

# TEACHERS!

Here are the top ten reasons to visit the **Tennessee Aquarium!**

1. The Tennessee Aquarium is an extension of your classroom, not just a field trip.
2. A visit to the Tennessee Aquarium is not just a science class; it's math, social studies, art, language arts and more.
3. The Tennessee Aquarium is the only aquarium in the world accredited as a supplementary education school by the Southern Association of Colleges and Schools (SACS).
4. Students in grades K-12 on free or reduced lunch receive complimentary admission to the Aquarium from September through March and complimentary admission to IMAX in January and February.
5. Information and materials are available to make your Tennessee Aquarium visit the best learning experience possible.
6. A visit to the Tennessee Aquarium entitles your class to a classroom program at no extra charge.
7. All Tennessee Aquarium programs and the self-guided tour reference applicable **Alabama Science Course of Study Content Standards, Georgia Science Performance Standards, Tennessee Science Curriculum Performance Indicators and National Science Education Content Standards.**
8. The Tennessee Aquarium changes all the time, from seasonal differences to our spectacular new addition — Ocean Journey.
9. The IMAX 3D Theater offers a unique complement to the Tennessee Aquarium with breathtaking films about the natural world.
10. Check out the Tennessee Aquarium website to enrich student learning:
